Idlewilde property owners must request approval for building on property in Idlewilde Estates. The Architectural Control Committee meets the first Saturday of each month at 9:30 a.m. in the Idlewilde Club House to review building requests. The committee may take up to 30 days for the approval process, so plan accordingly.

No structure shall be erected, placed or altered on any building tract in this subdivision until the plans, specifications and plot plan layout has been approved in writing by the Architectural Committee.

Please review the Deed Restrictions (link is under *Governing Documents* above) and the Architectural Committee Standards.

To begin the process for obtaining building approval, please complete the following form and then click on the Submit Request button. Your request will be sent to the chair of the Architectural Control Committee. There may be additional information requested by the committee. You should then receive a confirmation that your information has been received. If you do not receive a confirmation, please contact the ACC chairman and give the information.

After your request has been processed, you will be contacted by a member of the Architectural Control Committee.

Items with \* are required....

\* Full Name:

\* E-mail:

Address Type:  Home  Mailing

Address:  Apt. #
